### Tudobest-L - buy drug

Country - producer of Tudobest-L - India. The drug is used to treat HIV. It can only be prescribed for adult patients weighing at least 40 kilograms. You can order it on the website of the online pharmacy. Before using it, first of all, you need to consult with your doctor about the treatment, who can take into account any contraindications.

### Tudobest-L: price

Tudobest-L is a generic drug from the Indian pharmaceutical company Aprazer. The original always costs more, which is why it is not available for everyone. Generic is significantly inferior to the original in price, although the effectiveness remains at a high level due to its active substances, which perform their medicinal functions. You can save a lot by ordering this drug profitably.

### Tudobest-L - drug reviews

Patients in their reviews note that the drug is truly effective. After a few days, the condition improves, the immunity is strengthened. It should also be noted that the drug can carry side effects. The most common among them: severe pain in the abdomen, head, back, nausea, diarrhea, very poor sleep.

It is an active antiviral agent. The active ingredients of the drug are tenofovir and lamivudine.

### **Tudobest-L (Tenofovir, Lamivudin) - description of the drug**

Cardboard package with a plastic jar inside. The composition has 30 tablets, each of which contains the active ingredients - Tenofovir in the amount of 300 mg and Lamivudine (300 mg). We recommend taking the drug before meals.

### **Tudobest-L: indications for use**

Prescribed by a doctor for the treatment of HIV infection.

### **Contraindications Tudobest-L**

It is not recommended to take it concurrently with dofetilide, as it causes hypersensitivity. It is also contraindicated in pregnant and breastfeeding women.
